

United States Department of State

Washington, D.C. 20520

Dear Madam Speaker:

APR 3 2009

Pursuant to Section 36(c) and 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad and the export of defense services and defense articles in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services to South Korea for the manufacture of T700-701C engine parts used in UH-60 Blackhawk helicopters for the Republic of Korea Army.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Michael C. Polt  
Acting Assistant Secretary  
Legislative Affairs

Transmittal No. DDTC 152-08
